ACT Percentile Norms for National College-Bound High School Seniors	99
ACT Norms for The University of Iowa	101

Preface

The Profile of Students enrolled at The University of Iowa, First Semester 1978-79 should have a brief explanation as follows:

1. A cut-off date of September 20 was used for all Fall 1978-79 enrollment statistics to achieve consistency both within the Profile and with other enrollment reports published by the University. Because of this cut-off, however, some reports utilized contain a greater number of uncoded variables as a result of time constraints in processing student materials. In the case of ACT figures, the "missing information" columns reflect a number of waivers for incoming transfer students, in addition to a number for whom ACT scores were obtained but too late to be included in these tables.
2. Entrance examination scores for the Graduate College, and the College of Business Administration will be reported for the previous year's classes in order to include all available information compiled in these areas and to more accurately reflect the range of scores for the entire entering classes. The earlier date of preparation would have allowed inclusion of only a fraction of these scores for students entering Fall 1978. The Professional Colleges of Dentistry, Law and Medicine entrance examination scores and g.p.a. data will be reported for the Fall 1978 classes.
3. One new table has been added to the Profile: Enrollment by Ethnic Category, page 32.

Further clarification of materials contained in the Profile may be explained by contacting Jean Lawrence or W. A. Cox, Office of the Registrar, 353-3452. Suggestions for modification will be welcomed.

Facts at a Glance

Total enrollment at the University was 22,990 for the First Semester 1978-79, an increase of 224 (or 1.0%) over the previous year. Seventy-eight percent are full-time students. The largest college, Liberal Arts, enrolled 53.8% of the total, followed by the Graduate College with 24.2%. Fifty-four percent of the students were men.

Students come to the University from every Iowa county, all 50 states and 84 foreign countries. About 73.4% are Iowa residents, with 13.9% residing in adjoining states, and 4.1% from foreign countries. Forty-one percent of the non-Iowa students are enrolled in the Graduate College.

The most popular undergraduate majors are engineering with 757 enrolled; business administration (department), 686; education, 581; nursing, 510; art, 421; pharmacy, 412; journalism, 383; English, 348; B.G.S., 346; music, 300; and psychology, 300. Sizable numbers of students are also following pre-professional programs: pre-business administration, 2,111; pre-nursing, 507; pre-medicine, 377; pre-law, 169; and pre-dentistry, 155. Sixteen percent of the undergraduates did not declare a major. At the graduate level, education is the most frequently selected major with 1,020 students, followed by English, 358; music, 341; engineering, 267; M.B.A., 266; art and art history, 188; social work, 175; and speech and dramatic art, 167.

About twenty-one percent of the students are married, compared to twenty-seven percent five years ago. Sixty-eight percent of the married students are enrolled in the Graduate College or the Colleges of Dentistry, Law or Medicine.

Twenty-nine percent of the students reside in University-owned housing, either dormitories (24.9%) or married student apartments (4.3%). Three percent live in fraternity and sorority houses, and 11.5% commute from outside of the Iowa City area. Two percent live at home in Iowa City, and the largest group, 54.3%, live off-campus in Iowa City.

The enrollment by age shows the total enrollment (22,990) median age to be 22 with the undergraduate median age of 21, the graduate of 27, and the professional of 25.

During the year 1977-78, a total of 4,602 degrees were awarded: 2,602 bachelor's degrees, 462 in dentistry, law and medicine, 1,241 master's degrees, and 297 Ph.D. and D.M.A. degrees.

New Students

Twenty-six percent of all students on the campus in the Fall of 1978 were new to the University. The number of entering freshmen in 1978-79 showed a 236 student (9.1%) increase from the previous year, 2,823 compared to 2,587 in 1977-78. The number of transfer students new to the University decreased 101 (3.1%) from 3,221 in 1977-78 to 3,120 in 1978-79.

Sixty-three percent of the new transfer students are Iowa residents, with 97 counties represented. Transfer students also came from 49 states and 50 foreign countries.

Thirty-eight percent of the transfers came from other colleges in the State of Iowa. The Iowa colleges from which the students transferred show 319 entered from the other two state universities, 445 from private four-year colleges, 345 from area community colleges and 62 from private junior colleges.

Seventy-three percent of the entering freshmen are Iowa residents, with all 99 Iowa counties represented. An additional 599 came from states adjoining Iowa and only 153 from other states and foreign countries. Freshmen came from 37 states and 10 foreign countries.

The quality of the 1978 freshman class is indicated by such measures as high school grade-point average (66.4% with 3.00 or higher; 90.6% with 2.50 or above); rank in high school class (25.5% in top tenth, 86% in the upper half); and ACT composite score (33% rank in top tenth, 87% in upper half of national college bound high school seniors).

Although twenty-four percent of the entering freshmen did not indicate a major, among those who did, the most frequently mentioned were: pre-business, 549; pre-nursing, 194; pre-medicine, 163; engineering, 123; pre-law, 81; journalism, 78; pre-physical therapy, 71; pre-pharmacy, 67; music, 62; and pre-dentistry, 58.
